

NOTES

#notes

A list of everything you can do in Notes, including **bold** and *italic* text. Beyond this, you can share notes, send a copy and export to PDF as well as import notes. You can also tag notes, attach files, keep your collection in folders and add smart folders. Pretty much everything except Markdown.

Checklists – Heading style

- Do that
- Do another thing
- Do this

Lists

Numbered lists – Subheading style

1. List
2. Some
3. Things

Bullet list

- List
- Some
- Things

Dashed list

- List
- Some
- Things

Tables

	A	Table	Here
--	---	-------	------

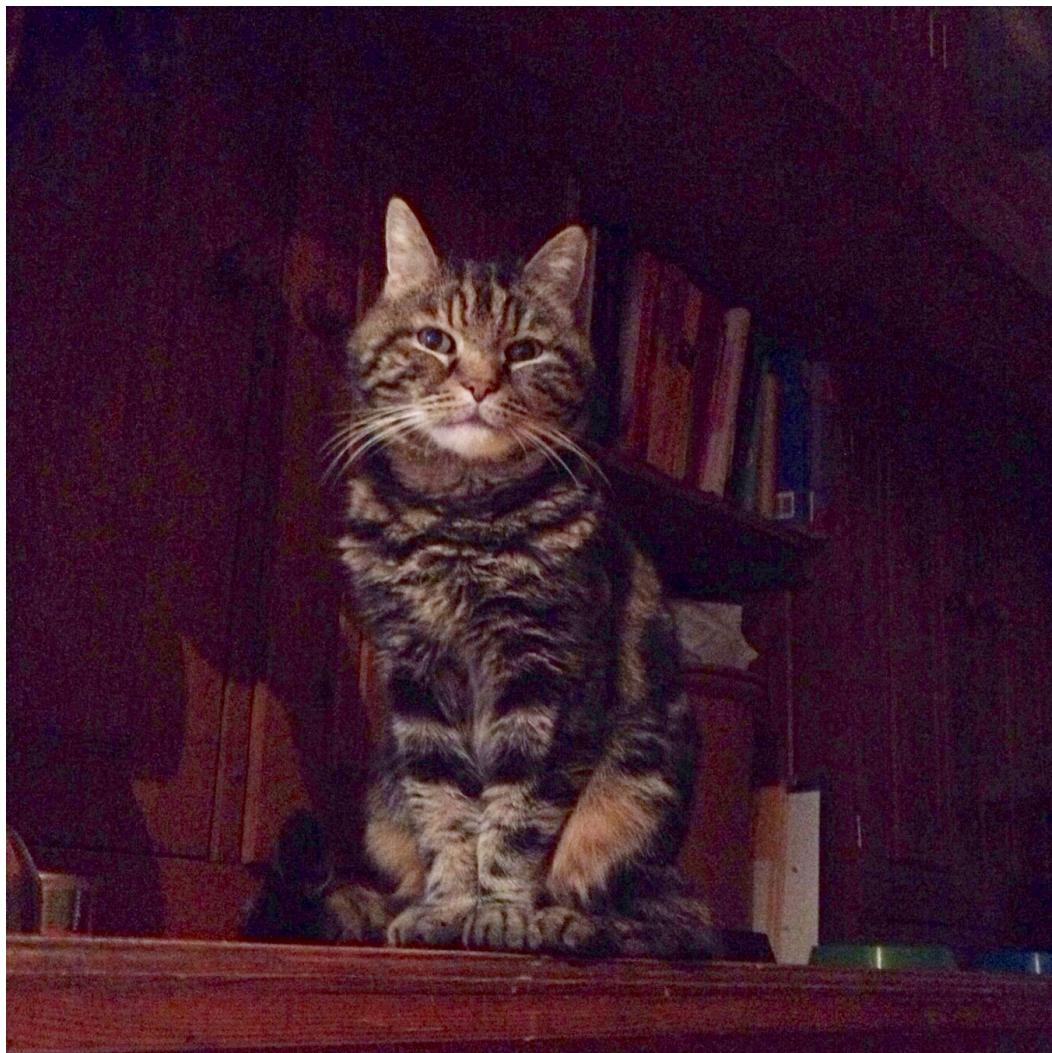

1	2	3
4	5	6
